Subject: Transfer of Personnel

25X6A

1. In connection with your arrangements to assume the responsibility for the Special Documents Section and the [redacted] Documents Section now operated by the Intelligence Division, War Department General Staff, you are authorized to transfer to Washington on or after 31 May 1947 such personnel as are desired for and willing to accept assignment to C.I.G. and for whom you can provide appropriate working space within the space allocation of your Documents Branch.

2. In discussing grade authorizations, each individual who is desired for assignment to C.I.G. will be informed that all grades must be approved by the Civil Service Commission before any assurance can be given that they will be permanent.
